

WEEKLY FEEDBACK REPORT

Data Visualization Associate Internship
Week - 1

Data Visualization Associate Internship Week-1 Feedback Report

Team Name	Data Visualization Associate - Team 15
Role	Associate Data Analyst

Performance Rubric (Rated out of 5 Stars)

Criteria	Rating	Comments
Time Management	★★★★☆	Demonstrated good time management skills, meeting most deadlines and efficiently handling workload.
Data Understanding & Documentation	★★★★☆	Well-documented dataset structure with key fields, relationships, and context explained.
Exploratory Data Analysis (EDA) Report	★★★★☆	Basic trends, distributions, and missing values identified with some summary statistics. Visuals included but limited analysis.
Identification of Data Issues & Anomalies	★★★★☆	Most inconsistencies, missing values, and outliers correctly identified with basic documentation.
Suggested Fixes for Identified Issues	★★★★☆	Well-structured solutions for key issues, with reasoning for suggested fixes.
Use of Visuals & Summary Statistics	★★★★☆	Basic summary statistics (mean, median, mode, distributions) with some supporting visuals.
Report Quality & Presentation	★★★★☆	Clear, logical flow with well-explained sections, structured insights, and visual storytelling.

Areas Where You Excelled

- ✓ Time Management: Well-organized, met most deadlines, and demonstrated good time management skills.
- ✓ Data Understanding & Documentation: Clear explanation of dataset structure, with key fields and relationships documented.
- ✓ Suggested Fixes for Identified Issues: Well-structured fixes for most data issues, with reasoning for proposed corrections.
- ✓ Report Quality & Presentation: Well-organized report with structured insights and a logical flow.

Areas for Improvement

- 🔍 Exploratory Data Analysis (EDA) Report: Basic trends and statistics included but needed more depth and better visuals.
- 🔍 Identification of Data Issues & Anomalies: Most inconsistencies and anomalies were identified but needed more detailed analysis.
- 🔍 Use of Visuals & Summary Statistics: Basic visuals included, but lacked depth in statistical analysis.

Final Thoughts & Next Steps

Your team has made a strong start in the Data Visualization Associate Internship! Keep up the momentum and focus on refining data accuracy and visualization consistency.

Ensure effective Time Management to meet deadlines efficiently. Strengthen **Data Understanding & Documentation** for clarity and transparency. Your **EDA Report** should highlight key patterns while identifying and addressing **Data Issues & Anomalies** with practical solutions.

Leverage **Visuals & Summary Statistics** to enhance clarity and impact. Maintaining consistency in formatting will improve readability. Keep refining these areas to deliver high-quality, insightful data visualizations. Great job so far, keep pushing forward!

If you need any support or clarification, feel free to reach out! We are here to help you grow and succeed in this internship.

Congratulations on completing Week 1!
